FATAL SHOOTING.  
Shortly after noon yesterday some private messages reached the city from Kingfisher announcing that Jacob Cline, of Wichita, had been shot by John Pecora, and death resulted an hour after the shooting. Last night the Rock Island train from the south brought the remains of Cline to the city, which were accompanied by some of his friends. Some of those who arrived claimed the shooting was accidental; that Pecora and Frank M. Clancy were having a dispute and Cline tried to separate them, and Pecora shot him accidentally, the ball entering the right breast and going directly through the body, the ball being from a forty-four calibre pistol. But it also appears that Pecora was drunk at the time, the first only taking effect. It is also claimed that Pecora, from some motive, made it an object to try to get some excuse for killing Cline.

Cline was 35 years old, born near Joplin, Mo., lived a number of years at Baxter Springs, and for the last ten years in Wichita. He has a wife and three children, their home being at 246 Riverview avenue. His many friends in the city were quite anxious last evening to learn something of the facts.

Pecora has figured in three or four shooting affairs in this city, some of them quite serious, and also was something of a shootist, as reported in Leadville. His thought Marshal Christy will be able to handle him, reaching the city tonight, where he will be jailed for safe keeping.

OKLAHOMA ALL RIGHT.  
Colonel E. C. Cole is just up from Kingfisher and says every prospect pleases in Oklahoma. He says the heavy rains during the past week all over the territory have made the grasses green, so that stock need no further feed; that a large portion of the corn has been planted as well as cotton. A glance at the new maps shows that there are no quarters, of land left in Oklahoma unoccupied. He says he is going to secure land in Oklahoma now to try to state some one who is unable to make the necessary improvements to prove up and maintain themselves. Good claims can be had all the way from \$100 to \$500, with some improvement. It is noticeable that during the past ten days there has been a large number of claims and buying for themselves and sons. There are now at Kingfisher a large party, from Missouri, near St. Joseph, headed by Captain Stiles, who will undoubtedly locate in this valley.

The western land district of Oklahoma is all excitement over the opening of the Cheyenne and Arapaho reservation, meetings are being held in all the towns to that purpose. The Colonel intimates that there are 5,000 people in Oklahoma without homes and no means to be had. While the Jumper Indians, only number 9,000 of them occupy 4,000,000 acres, which they neither own or cultivate, that they are held there by an executive order until they can be removed.

TAKING IN WICHITA.  
Mr. T. H. Edwards, city assessor for Kansas City, Kan., reached the city yesterday morning and spent the day with Mr. W. E. Green. Mr. Edwards for a number of years has been assessor for his town and he and Mr. Green often interchange views on the question of having a common interest in the subject. Mr. Edwards was given a chance to see the city quite thoroughly. He had not been in Wichita for twelve years and at that time, as he remembers, West Douglas avenue was the biggest part of the town. Like all others who have not visited the city, he expected to see an abundance of vacant lots and not many occupied with business blocks or residences. He was greatly surprised and the packing house interests were simply far beyond his expectations. When seen last evening he had a much better idea of Wichita than ever before and was willing to concede that Wichita is simply a wonderful city.

TALLY SHEETS AND BALLOTS FOUND.  
Yesterday Mr. Van Dins, one of the election judges in the first precinct of the Fourth ward, called at the office of the election commissioner and stated that he had put the tally sheets and ballots in the box and that he thought it might be possible they could be found there. Col. Taylor, election commissioner, was quite positive he had looked in all the boxes in his search and every place else. They made another examination, however, and found the papers and they seemed to be sealed, corrected and showed no evidence of violence or changes.

When the school board met as a board of canvassers the returns of the entire ward were recounted and only a few slight mistakes were found, the appearing in the second and third precincts.

## KNIGHTS TEMPLAR BALL.

It was erroneously reported in the issue of yesterday that tickets could be had of R. Allen Hall. It should have read, "at the drug store of J. P. Allen and at Hattenger Bros., East Douglas avenue."

GARFIELD UNIVERSITY.  
The spring term of the Garfield university will open tomorrow, April 7. The session, so far, has been prosperous, and the attendance promises to be good. A full line of classes in all departments will be organized.

W. C. T. U. LIBRARY.  
An entertainment will be given on Monday evening at the gymnasium for the benefit of the W. C. T. U. library fund. An unique and curious program has been arranged and the object itself should call out a good house.

SUNDAY EVE AT COUNCIL HALL.  
The regular Sunday evening exercises will be held this evening at Council Hall, 213 Water street, with the following program. The worth of the Ideal—Leaders—W. A. Sturdevant, Judge W. P. Campbell, the ideal Commonwealth. Expression of opinion—Mr. J. P. Parkhurst, Mr. G. W. Collings, Mr. J. Jewett.

BETTER WORK THAN EVER.  
The Crystal Ice company is making on an average thirty-three tons of ice per day, which is a larger output than ever before, and the work is much more satisfactory than ever. The management have no trouble in securing the best results. When the gentle breeze demoralized the smoke-stack some days ago the company had a large amount of ice on hand and no inconvenience about orders resulted.

CHANGE OF TIME.  
An important change of time is ordered on the Rock Island to take effect this morning. The morning train for the east will leave at 9 o'clock instead of 7:40 as formerly. The south bound train will arrive at 7:35 p. m. instead of 7:45 as before, leaving at 7:45 instead of 8:05. This change has been brought about mainly for the convenience of the Wichita traveling public.

PALMER-MOONEY.  
E. A. Palmer, of Wichita, Kan., and Miss Sarah Mooney, of New Berlin, were married at the Dunlap house this morning by Rev. Dr. Moore—Jacksonville (Ill.) Courier.

Mr. Palmer, or "Ed" as he is familiarly known among his friends, will be remembered as the efficient and obliging agent of the Adams Express company at this point, which position he held for quite awhile until a few weeks ago. They will make Wichita their home.

TERMINAL FREIGHT RATES.  
The Chicago Rock Island & Pacific railway traffic management after a thorough investigation of the matter announced a Wichita rate on jobbing classes of freight into the Indian Territory and Oklahoma. The rates given are highly satisfactory to our jobbing houses whose heads talk as though the Rock Island had scored a fine mark in the estimation and kindly consideration of the aforesaid jobbers. "All roads lead to Rome" except three or four of Wichita's roads which lead to Oklahoma.

PANTRY SUNDAY AT THE CATHEDRAL.  
First Mass, 8:30 to 10:30, solemn Pontifical high mass celebrated by Rt. Rev. Bishop Hennessy, attended by all the clergy in the city. A plenary indulgence is granted to all who assist at this mass, and who have worthily received holy communion on this morning. By a request of the diocese the collections taken up at mass on Easter Sunday are for the education of students preparing for the sacred ministry and subjects of this diocese. 7:30 p. m., solemn vespers and benediction of the most blessed sacrament.

A CLEVER THERMOMETER.  
Mr. Geo. H. Hackett, superintendent of the Western Union, stated yesterday that the business of the company for the month of March shows over three thousand messages more than for the corresponding month of '89, and five thousand more messages than for the corresponding month of '88. It is also observed that the messages going to the stock yards for the month are over seven times as large as for the corresponding month of '89. This may give some idea of the business done in the city and the city state of affairs in the business circles of the city.

SOUTHWESTERN BUSINESS COLLEGE NOTES.  
Mr. Frank Mitchell accepted a position in Arkansas City.  
Miss Elsie Martien, who entered the short hand department several weeks ago, assumed duties of stenographer and typewriter last week at the Wichita spice mill.

The following students enrolled during the week: C. N. Kneely, Fredrick N. L. Ulery, J. H. Rickley, Carabellus Kan; E. J. Harlan, Milan, Kan; Miss Hattie Kuey, Norton, Kan; Miss Lucy Neff, Fredonia, Kan.

GOOD WORDS FOR WICHITA.  
Secretary Pierce received among his letters yesterday two from prominent gentlemen—one from the principal of the public school of Cincinnati and the other from E. M. Miller, the president of the great carriage and omnibus works of Quincy, Ill. The latter gentleman, who paid Wichita a visit some time since, says: "We read the Eagle with much interest, which does not diminish our knowledge of the enterprise of Wichita business men who realize that the city's interest is equally their own, and they are sure to get there and their city with them." The former gentleman closes his letter with these words: "You are a progressive people, and from all I learn of Wichita I am persuaded that it is to become one of the greatest cities of the west."

A DIRECTOR SPEAKS.  
To the Editor of the Eagle.  
To correct an error in one of our city papers and to publicly announce that there is not a shadow of truth in the assertion that the Wichita hospital is closed, or is going to close, also to state that the institution, while not flourishing, is moving along evenly, smoothly and unconcerningly to its end, we would like to have a committee of the board have placed itself in communication with two or more eastern training schools, endeavoring to secure a female nurse, as we wish to add to our work a training school. Hence this step. Now if there were any probability of closing or moving, we could not make this move. We have cared for as many as eighteen, and not less than eight charity patients all this winter in face of the great pressure of the times with no other thought but to continue on in our good work. I have attended faithfully and promptly all the meetings of the directors and know perfectly well that there is no institution and know whereof I speak.

A mad dog in the vicinity of Emporia and Kellogg created some excitement yesterday. He was shot without delay or ceremony.

## REPORT OF THE CHILDREN'S HOME FOR THE MONTH OF MARCH.

Will some kind friend give another child's bed to the Children's Home? Three sweet little boys are sleeping in one bed and it is too crowded for comfort. Ten yards of carpet for a small bedroom is also needed and the directors hope these articles may be donated this month.

The receipts for the month of March have been:  
Donations—City council for January and February \$150. Membership, Mrs. Fechtmeier, \$1.  
Clothing—Mrs. William Bond, Mrs. Evans, Mrs. Josie Stanley, Mrs. Bean, Mrs. Lachner, Mrs. Little, Mrs. Harding.  
Miscellaneous—Mrs. W. D. Murdock, dolls; Mrs. Bean, shoes; Children's Mission band of College Hill, papers and picture cards; Knights Templar, basket of provisions; Mrs. Rogers, bread; Chapman & Walker, one dozen handkerchiefs; Eagle and Beacon, newspapers.

The above donations are gratefully acknowledged by the directors who hope their friends will remember them at house cleaning time and besides giving the two much needed articles mentioned above, give carpets or furniture for the larger home that is soon to be.

Mr. J. D. Seward reports a case on the West Side that would naturally arouse the sympathy of charitably inclined people. A mother with twins in destitute circumstances will have to be supplied with a nurse. Mr. Seward, to save the lives of the babies, has found the nurse, but some little money will be required to support them. Any donations made to Mr. Seward or left with the Savings bank will be turned into the proper channel.

The recital of the Mozart Conservatory of Music, which was announced in the Mirror for Monday evening, has been postponed until Tuesday evening, in order that it may not interfere with Professor Koenig's calisthenic drill to be given Monday evening at the National gymnasium of the W. C. T. U. The program for the recital will consist entirely of piano forte compositions, and is quite interesting, including works seldom given. The public is invited to attend.
